Summary	1
1 Introduction	11
1.1 Background	11
1.2 Aims of the research	14
1.3 Survey method	14
1.3.1 <i>Sample</i>	14
1.3.2 <i>Data collection</i>	15
1.4 Structure of the report	17
1.5 Reporting conventions	18
2 Characteristics of the sample	19
2.1 Demographic profile of the sample	19
2.1.1 <i>Age, gender and marital status</i>	19
2.1.2 <i>Economic activity status</i>	20
2.1.3 <i>Self-reported retirement status</i>	25
2.1.4 <i>Educational qualifications</i>	26
2.2 Health and disability	27
2.2.1 <i>People on Incapacity Benefit</i>	28

3	People currently in work	29
3.1	Characteristics of working people	29
3.2	Characteristics of people's work	31
3.3	Satisfaction with work	33
3.4	Changes to work	35
3.5	Flexible working arrangements	36
3.6	Use of new technology at work	39
3.7	Training	40
3.8	Membership of pension schemes	42
3.9	Workers above state pension age	45
3.10	Summary	46
4	Retirement plans of those in work	49
4.1	Expectations of retirement age	49
4.1.1	<i>Expected retirement age</i>	49
4.1.2	<i>Early and late retirement</i>	50
4.1.3	<i>Employers' fixed retirement ages</i>	52
4.1.4	<i>Expectations among those already semi-retired</i>	54
4.2	Reasons for early or late retirement	55
4.2.1	<i>Reasons for expected early retirement</i>	55
4.2.2	<i>Reasons for expected late retirement</i>	56
4.2.3	<i>Reasons for expecting to retire at state pension age</i>	57
4.3	Income and sources of income	58
4.4	The retirement decision	58
4.4.1	<i>Forced or voluntary retirement</i>	59
4.5	Plans for gradual retirement	60
4.6	Summary	61
5	The fully retired	63
5.1	Retirement age	64
5.1.1	<i>Retirement age</i>	64
5.1.2	<i>Early and late retirement</i>	65
5.1.3	<i>Employers' fixed retirement ages</i>	67
5.2	Reasons for retirement	69
5.2.1	<i>Reasons for having retired early</i>	69
5.2.2	<i>Reasons for having retired late</i>	71
5.2.3	<i>Reasons for having retired at state pension age</i>	72
5.2.4	<i>Those who were not working before retirement</i>	72
5.3	The retirement decision	73
5.3.1	<i>Forced and voluntary retirement</i>	73
5.3.2	<i>Issues considered</i>	74
5.4	Income in retirement	75
5.5	Satisfaction with retirement	78
5.6	Gradual retirement	78
5.7	Summary	79

6	Transitions towards retirement	81
6.1	Characteristics of the semi-retired	81
6.1.1	<i>Current activity status of the semi-retired</i>	82
6.1.2	<i>Age at which people became semi-retired</i>	83
6.1.3	<i>Household characteristics</i>	83
6.1.4	<i>Education and occupation</i>	84
6.1.5	<i>Financial situation</i>	85
6.1.6	<i>Type of work</i>	87
6.1.7	<i>Hours worked</i>	87
6.2	Reasons for semi-retirement	89
6.3	Departures from main line of work	90
6.4	Other part-time workers	90
6.5	Summary	92
7	Those below state pension age not in work	93
7.1	Characteristics of those not in employment	94
7.2	Expectations of future employment	96
7.2.1	<i>Job-seeking activity</i>	97
7.3	Reasons why people were not looking for work	98
7.3.1	<i>Reasons for not looking for work among those who would like to work</i>	98
7.3.2	<i>Reasons for not looking for work among those who did not want a job</i>	99
7.3.3	<i>Reasons for not looking for work - summary</i>	100
7.4	Transitions from employment	103
7.5	Continued inactivity and employment aspirations for the future	105
7.5.1	<i>Awareness and participation in New Deal programmes</i>	107
7.6	Summary	107
8	Income and assets	109
8.1	Comparison with the Family Resources Survey	109
8.2	Income by age and education	110
8.3	Income by labour market status	111
8.3.1	<i>People in work</i>	112
8.3.2	<i>People below state pension age and not working</i>	113
8.3.3	<i>People at, or above, state pension age</i>	113
8.4	Receipt of state benefits	113
8.5	Wealth	115
8.5.1	<i>Financial wealth by age and education</i>	116
8.5.2	<i>Physical wealth by age and education</i>	117
8.6	Non-pension wealth by labour market status	118
8.6.1	<i>Those below state pension age</i>	119
8.6.2	<i>Those at, or above, state pension age</i>	120

8.7	Pensions	120
8.7.1	<i>Pension knowledge</i>	120
8.7.2	<i>Indicators of pension wealth</i>	122
8.7.3	<i>Expected replacement ratios</i>	124
8.8	Summary	125
9	Health and caring	127
9.1	Health and disability	127
9.1.1	<i>Levels of health problems and disabilities</i>	127
9.1.2	<i>Types of current health problems and disabilities</i>	129
9.1.3	<i>Impact of health problems on ability to work</i>	132
9.1.4	<i>Impact of health problems in different occupations</i>	135
9.1.5	<i>Characteristics of those with health problems who remained in work</i>	137
9.1.6	<i>Health problems of partners</i>	138
9.2	Caring	138
9.3	Summary	140
10	Volunteering	143
10.1	Characteristics of people who volunteered	143
10.2	Types of voluntary work and reasons for doing voluntary work	144
10.3	Summary	146
11	Conclusions	147
11.1	State pension age	147
11.2	Employers' fixed retirement ages	148
11.3	Alignment of state pension age for men and women	148
11.4	Health	148
11.5	Incapacity Benefit	149
11.6	Voluntary and forced retirement	149
11.7	Factors associated with early retirement	149
11.7.1	<i>Private pensions</i>	150
11.7.2	<i>Occupation</i>	150
11.7.3	<i>Qualifications</i>	150
11.8	The presence of a partner	150
11.9	Looking after the home or family	150
11.10	Flexible retirement	151
11.10.1	<i>The self-employed</i>	151
11.10.2	<i>The semi-retired</i>	151
11.10.3	<i>Flexible working arrangements</i>	151
11.11	Age legislation and training	151
11.12	Summary of remaining gaps in knowledge/suggestions for further research	152
Appendix	Technical report on sampling, fieldwork and weighting	153
References	165
Other research reports available	167

List of tables

Table 2.1	Age, gender and marital status of the sample	20
Table 2.2	Respondents' and partners' current activity status	21
Table 2.3	Current activity status, by age and gender	22
Table 2.4	Activities in the last month, by current activity status	23
Table 2.5	Occupation, by gender	24
Table 2.6	Any work in last month, by age and household composition	24
Table 2.7	Any work in last month, by age and working status of partner	25
Table 2.8	Respondents' and partners' working status	25
Table 2.9	Self-reported retirement status, by age	26
Table 2.10	Highest educational qualification, by age and gender	26
Table 2.11	Health status and disability, by age and gender	28
Table 2.12	Receipt of Incapacity Benefit, by age and gender	28
Table 3.1	Number of jobs held	30
Table 3.2	Employment status, by age and gender	30
Table 3.3	Employment status, by highest educational qualification	31
Table 3.4	Whether partner is working, by age, gender and working status of respondent	31
Table 3.5	Occupation by employment status	32
Table 3.6	Number of people working at workplace	32
Table 3.7	Whether working full-time or part-time	33
Table 3.8	Number of hours worked	33
Table 3.9	Overall satisfaction with job	34
Table 3.10	Satisfaction with sense of achievement from working	34
Table 3.11	Satisfaction with amount of pay	34
Table 3.12	Satisfaction with hours worked	35
Table 3.13	Changes to working hours in last three years	35
Table 3.14	Increases in responsibility in last three years	36
Table 3.15	Decreases in responsibility in last three years	36
Table 3.16	Flexible working arrangements available	37
Table 3.17	Take-up of flexible working arrangements	38
Table 3.18	Flexible working arrangements by occupation	39
Table 3.19	Learning new technologies	39
Table 3.20	New technologies by occupation	40
Table 3.21	Ease of learning new technologies	40
Table 3.22	Types of training undertaken	41
Table 3.23	Encouragement to learn more job-related skills, by age and gender	41
Table 3.24	Encouragement to learn more job-related skills, by occupation	42
Table 3.25	Current private pensions, by age and gender	43
Table 3.26	Private pension coverage and type, by age and gender	44
Table 3.27	Current private pensions, by employment status	44
Table 3.28	Proportions still working above state pension age	45
Table 3.29	Occupations of workers above/below state pension age	46

Table 4.1	Expected retirement age, by age and gender (men)	50
Table 4.2	Expected retirement age, by age and gender (women)	50
Table 4.3	Whether expect to retire before, at, or after state pension age	51
Table 4.4	Employers' fixed retirement ages	53
Table 4.5	Whether expect to retire before, at, or after employers' fixed retirement age	53
Table 4.6	Expected retirement age: relationship between state pension age and employers' fixed retirement ages	54
Table 4.7	Expected retirement age of the semi-retired	55
Table 4.8	Reasons for expected early retirement, by gender	56
Table 4.9	Reasons for expected late retirement, by gender	57
Table 4.10	Reasons why expect to retire at state pension age, by gender	57
Table 4.11	Income and income levels	58
Table 4.12	Whether have thought about retirement, by age and gender	59
Table 4.13	Whether retirement is forced or voluntary, by age and gender	59
Table 4.14	Whether retirement is forced or voluntary, by when people plan to retire	60
Table 4.15	Age at which plan to start retiring gradually	61
Table 5.1	Self-reported retirement status, by age within gender	63
Table 5.2	Retirement age – men	64
Table 5.3	Retirement age – women	65
Table 5.4	Whether retired before, at, or after state pension age	66
Table 5.5	Employers' fixed retirement ages	67
Table 5.6	Whether retired before, at, or after employers' fixed retirement age	68
Table 5.7	Relationship between state pension age and employers' fixed retirement ages	69
Table 5.8	Reasons for early retirement	70
Table 5.9	Reasons for early retirement, by age of retirement	71
Table 5.10	Retirement age, illness and private pensions	71
Table 5.11	Reasons for late retirement	72
Table 5.12	Reasons for retiring at state pension age	72
Table 5.13	Whether retirement was forced or voluntary	73
Table 5.14	Characteristics of early retirees	74
Table 5.15	Issues considered when decided when to retire	74
Table 5.16	Whether retirement decision was sole or joint	75
Table 5.17	Income and sources of income among early/late retirees	75
Table 5.18	Change in joint income on retirement	76
Table 5.19	Whether post-retirement income matched expectations	77
Table 5.20	Whether financially better or worse off in retirement	78
Table 5.21	Satisfaction in retirement	78
Table 5.22	Whether retired gradually, by gender	79
Table 6.1	Current activity status, by self-reported retirement status	82
Table 6.2	Age at which became semi-retired, by gender	83
Table 6.3	Partner's activity status, by respondent's retirement status	84
Table 6.4	Highest qualification, by retirement status	84

Table 6.5	Current or most recent job, by retirement status	85
Table 6.6	Financial situation, by retirement status	85
Table 6.7	Tenure, by retirement status and age	86
Table 6.8	Type of contract, by retirement status	87
Table 6.9	Hours worked in main job, by retirement status	88
Table 6.10	Reasons for reduced hours, by retirement status	88
Table 6.11	Whether retirement was forced or voluntary, by retirement status	89
Table 6.12	Reasons for retiring gradually among semi-retired respondents	89
Table 6.13	Departures from main line of work, by retirement status	90
Table 6.14	Characteristics of those working part-time/reduced hours, by retirement status	91
Table 7.1	Whether in employment, by demographic characteristics	95
Table 7.2	Current status of those not working	95
Table 7.3	Self-reported retirement status, by age within gender	96
Table 7.4	Future employment expectations, by age within gender	97
Table 7.5	Active job search, by gender	97
Table 7.6	Main reason for not looking for work among those who would like to work	98
Table 7.7	Main reason for not looking for work among those who would not like to work	99
Table 7.8	Labour market status – summary	101
Table 7.9	Profile of those not working, by reason for not looking for work	102
Table 7.10	Reasons for leaving last job, by labour market status	103
Table 7.11	Occupation in most recent job	104
Table 7.12	Age at which people stopped working	105
Table 7.13	Reasons to consider looking for work in the future	105
