The Authors.....	x
1 Information.....	1
1.1 Introduction and summary.....	1
1.2 Main findings	1
2 Efficiency Work Programme	5
2.1 Introduction and summary.....	5
2.2 Main findings	6
3 Corporate Contact Centres.....	15
3.1 Introduction and summary.....	15
3.2 Main findings	16
4 Local Housing Allowance.....	29
4.1 Introduction and summary.....	29
4.2 Main findings	30
5 National Indicators	49
5.1 Introduction and summary.....	49
5.2 Main findings	50
5.2.1 <i>National Indicator 180 (Right Benefit) and Scotland and Wales equivalents.....</i>	<i>51</i>
5.2.2 <i>National Indicator 181 (Right Time) and Scotland and Wales equivalents</i>	<i>56</i>

6	Right Benefit Toolkit.....	61
6.1	Introduction and summary.....	61
6.2	Main findings	62
7	Voice Risk Analysis	69
7.1	Introduction and summary.....	69
7.2	Main findings	70
8	Working age customers	73
8.1	Introduction and summary.....	73
8.2	Main findings	74
	Appendix A The Survey.....	83
	Appendix B Wave 18 advance letter	91
	Appendix C Wave 18 questionnaire	95

List of tables

Table 1.1	Average amount of time spent to run the SHBE data scan by LA type and caseload.....	3
Table 1.2	Average amount of time spent to run the SHBE data scan by software provider	3
Table 4.1	What proportion of LHA cases do you estimate have needed money advice in your LA? (by Government Office Region)	35
Table 4.2	Since the roll-out of LHA do you think that homelessness has increased as a result of LHA, decreased as a result of LHA or that LHA has had no impact on homelessness? (by Government Office Region)	46
Table 7.1	Wave 16	71
Table 7.2	Wave 18	71
Table A.1	Data analysis variables	86
Table A.2	Wave 17 sampling error.....	87
Table A.3	Response rates by LA type	88
Table A.4	Sample profile	89

List of figures

Figure 1.1	On average, how many hours and minutes per month would you say it usually takes to run the Single HB Extract data scan from your system? This time should include any time taken to deal with issues and queries related to extracting the Single HB Extract from your system.....	2
------------	--	---

Figure 2.1	Which of the following initiatives are included in your LA's overall plans to improve the efficiency and effectiveness of your HB/CTB services?.....	7
Figure 2.2	For which of the initiatives included in your LA's plans do you expect planned net savings to be achieved?.....	8
Figure 2.3	Do you expect this net saving to be high, medium or low?	9
Figure 2.4	Which, if any, of the following barriers do you feel your LA will need to overcome in trying to improve the efficiency and effectiveness of your service?	10
Figure 2.5	Which, if any, of the following resources that can support your LA's plans to deliver your HB/CTB service more efficiently and effectively have you used in the last year?	11
Figure 2.6	How useful have you found this/these resource/s to date?	12
Figure 2.7	Which, if any, of these resources, does your LA plan to use as part of your plans to deliver your HB/CTB service more efficiently and effectively in the future?	13
Figure 3.1	Does your LA have a Corporate Contact Centre?	17
Figure 3.2	Does your LA have any plans to introduce a Corporate Contact Centre which will deal with HB/CTB enquiries?	17
Figure 3.3	When does your LA plan to do this? (introduce a Corporate Contact Centre)	18
Figure 3.4	Why does your LA not plan to introduce a Corporate Contact Centre which deals with HB/CTB enquiries?	19
Figure 3.5	Does the Corporate Contact Centre deal with HB/CTB enquiries?	20
Figure 3.6	Does this include dealing with HB/CTB enquires from customers who contact the centre in person, by telephone or both?	21
Figure 3.7	Approximately, what percentage of HB/CTB enquiries that are made in person at the centre are resolved by Corporate Contact Centre staff without recourse to the Benefits Service? ...	22
Figure 3.8	Approximately, what percentage of HB/CTB enquiries that are made by telephone to the centre are resolved by Corporate Contact Centre staff without recourse to the Benefits Service? ...	23
Figure 3.9	Did the Benefits Service take a reduction in its budget to pay for the Corporate Contact Centre?	24
Figure 3.10	Do you know how much the Benefits Service is charged for the Corporate Contact Centre service?	24
Figure 3.11	Do you think the amount charged for the Corporate Contact Centre represents value for money for the Benefits Service?.....	25
Figure 3.12	Have any experienced HB/CTB staff transferred to the Corporate Contact Centre?	26

Figure 3.13	Do you regard having a Corporate Contact Centre as a successful way to deal with HB/CTB enquiries? Why do you regard having a Corporate Contact Centre as a successful way to deal with HB/CTB enquiries?.....	27
Figure 3.14	Why do you NOT regard having a Corporate Contact Centre as a successful way to deal with HB/CTB enquiries?	28
Figure 4.1	Local Housing Allowance payments are made direct to tenants but under certain circumstances can be made to landlords instead. What checks does your LA have in place when considering making payments directly to the claimant?	31
Figure 4.2	Does your LA have staff with special expertise who make determinations about whether safeguards should be applied to LHA cases or are determinations part of the standard functions of the teams processing housing benefit?	32
Figure 4.3	Where a claimant does not have a bank account or does not understand how bank accounts operate, which of the following actions does your LA take?.....	33
Figure 4.4	What proportion of LHA cases do you estimate have needed money advice in your LA?	34
Figure 4.5	As you are aware, receiving payments means tenants must manage their own money. In cases where you currently make housing benefit payments directly to tenants, how often are payment periods made to coincide with rent charging periods? ..	36
Figure 4.6	Does your authority have any plans to make changes to your payment systems so that payment periods coincide with rent charging periods?	37
Figure 4.7	Overall, does your LA find that it requires more, less or about the same staff time to administer LHA than the existing HB scheme for private sector tenants?.....	38
Figure 4.8	In what particular areas do you think it requires more staff time to operate LHA than the existing HB scheme for PRS tenants?	39
Figure 4.9	Have queries from landlords increased, decreased or stayed the same with the introduction of LHA?	40
Figure 4.10	What are the two areas that landlords most often query in relation to the LHA?	41
Figure 4.11	Is the level of queries from tenants for advice and information about LHA more or less than that for HB for the remaining PRS tenants, or is it about the same?	42
Figure 4.12	What are the two areas that tenants most often query in relation to the LHA?	43
Figure 4.13	In your opinion, since LHA, have private sector landlords been more or less willing to let property to housing benefit tenants or has there been no change?	44

Figure 4.14	Since the roll-out of LHA do you think that homelessness has increased as a result of LHA, decreased as a result of LHA or that LHA has had no impact on homelessness?	45
Figure 4.15	Do you think the level of fraud and error has increased, decreased or stayed the same since the introduction of the LHA scheme (compared with the HB scheme for private sector tenants)?	47
Figure 4.16	What are the main areas in which fraud and error has increased under the LHA compared with the HB scheme for private sector tenants?	48
Figure 5.1	Is the target for the National Indicator 180 (Right Benefit) for one, two, three or more years?	51
Figure 5.2	What is your LA's target per thousand caseload for the National Indicator 180 (Right Benefit) for 2008/09?	52
Figure 5.3	What is the target per thousand caseload for 2009/10 for the National Indicator 180 (Right Benefit)?.....	53
Figure 5.4	What is the target per thousand caseload for 2010/11 for the National Indicator 180 (Right Benefit)?.....	54
Figure 5.5	Does your LA have interim (ie milestones) targets within each year for the National Indicator 180 (Right Benefit)?	55
Figure 5.6	Is the target for the National Indicator 181 (Right Time) for one, two, three or more years?	56
Figure 5.7	What is your target in days for the National Indicator 181 (Right Time) for 2008/09	57
Figure 5.8	What is the target in days for 2009/10 for the National Indicator 181 (Right Time)?.....	58
Figure 5.9	What is the target in days for 2010/11 for the National Indicator 181 (Right Time)?	59
Figure 5.10	Does your LA have interim (ie milestones) targets within each year for the National Indicator 181 (Right Time)?	60
Figure 6.1	Is your LA aware of the Toolkit?	62
Figure 6.2	The Right Benefit Toolkit comprises a number of products which are listed in the table below. Please indicate whether you have (a) not looked at the product yet, (b) looked at the product but don't plan to use it, (c) plan to used the product in the future or (d) have used it already – 'Engaging with Customers' product.....	63
Figure 6.3	The Right Benefit Toolkit comprises a number of products which are listed in the table below. Please indicate whether you have (a) not looked at the product yet, (b) looked at the product but don't plan to use it, (c) plan to used the product in the future or (d) have used it already – 'Evaluating Initiatives' product	64

Figure 6.4	The Right Benefit Toolkit comprises a number of products which are listed in the table below. Please indicate whether you have (a) not looked at the product yet, (b) looked at the product but don't plan to use it, (c) plan to use the product in the future or (d) have used it already – 'Tracking Template' product.....	65
Figure 6.5	The Right Benefit Toolkit comprises a number of products which are listed in the table below. Please indicate whether you have (a) not looked at the product yet, (b) looked at the product but don't plan to use it, (c) plan to use the product in the future or (d) have used it already – 'Best mix of Activities' product.....	66
Figure 6.6	The Right Benefit Toolkit comprises a number of products which are listed in the table below. Please indicate whether you have (a) not looked at the product yet, (b) looked at the product but don't plan to use it, (c) plan to use the product in the future or (d) have used it already – 'Example Materials' product	67
Figure 6.7	What other products would you like to see in the Right Benefit Toolkit?	68
Figure 7.1	Is your LA currently using, or planning to use, Voice Risk Analysis (VRA)?.....	70
Figure 7.2	How interested would your LA be in using VRA for each of the following activities (if the pilots are successful)?	72
Figure 8.1	When working age customers apply for backdated HB/CTB payment they have to show good cause for not applying earlier. What percentage of working age customers have applied for a backdated payment since October 2008?	75
Figure 8.2	What percentage of those working age customers that applied were for a backdated payment were unsuccessful?	76
Figure 8.3	People aged 60 or over are entitled to automatic backdating of Housing Benefit and Council Tax Benefit of up to 3 months. What percentage of customers aged 60 or over have been awarded a backdated payment since October 2008?	77
Figure 8.4	Now thinking about all customers, has the change to backdating rules made things better or worse for customers for each of the following?	78
Figure 8.5	And in your opinion has the overall effect of the rule change for backdating had a positive or negative effect on customers, or has it made no difference?	79
Figure 8.6	Has the change to backdating rules made things better or worse for your local authority for each of the following?	80
Figure 8.7	And in your opinion has the overall effect of the rule change for backdating had a positive or negative effect on your local authority, or has it made no difference?	81

Acknowledgements

This report is based on research commissioned by the Department for Work and Pensions (DWP).

GfK NOP would like to thank Andy Brittan and Figen Deviren and their colleagues at the DWP for the advice and support given during the research and in the drafting of this report. We would also like to thank all the local authority officers who spared the time to take part in the survey.

The views expressed in this report are not necessarily those of the Department or any other Government Department.

The Authors

Claire Durrant has been jointly responsible for managing the Local Authority (LA) Omnibus Survey with her colleague Elaine Winter since Wave 6 in 2001. She joined GfK NOP in 1996, having previously worked for MORI, where she worked for seven years in the Social Research Unit, and before that, the Gallup Organisation. At GfK NOP she has worked on a wide variety of studies for central government, as well as local authorities (LAs) and academics. This includes the British Household Panel Study and the Home On-Line Study, both run by the Institute for Social and Economic Research (ISER), based at the University of Essex, as well as other studies for the Department for Work and Pensions (DWP), including the Maternity Rights and Benefits Survey among employers and parents.

Elaine Winter joined NOP as a graduate trainee in 1988, having gained a degree in Geography from the University of Newcastle-upon-Tyne. She has worked on a wide variety of studies but has specialised in managing longitudinal and employment/benefit policy surveys. Her experience includes managing a seven-year cohort study of the effects of benefit policy change on lone parents for Policy Studies Institute (PSI) and a panel survey with the unemployed and those on low incomes researching the introduction of the Earnings-Top-Up benefit, also for PSI. In addition to these surveys Elaine works regularly for local government clients.

Elaine and Claire were assisted with the management of the LA Omnibus Survey by their colleague, Darren Yaxley.

Darren Yaxley (Senior Research Executive) joined GfK NOP in 2004 from the National Centre for Social Research (NatCen) having graduated from The University of Birmingham with a BA (with honours) in Political Science in July 2003. Since joining GfK NOP's Social Research team Darren has worked extensively for various public sector organisations, including both central and local government clients, using a variety of data collection methods. Recent projects have included the National Evaluation of the Neighbourhood Management programme for the Communities and Local Government (CLG), the bi-annual LA Omnibus Survey for the DWP, a survey of Small and Medium Enterprises (SMEs) for Department for Environment, Food and Rural Affairs (Defra) and various surveys for Westminster City Council. Darren is a member of both the Market Research Society (MRS) and Social Research Association (SRA) and has recently completed the MRS Professional Development Scheme and is now a Full Member of the Society.
